The eight Core Service Agencies listed above work in close collaboration with the Human Services Agency to provide individuals and families with basic emergency and support services to stabilize their living situations. Core Service Agencies provide clients with crisis intervention and referrals based on an evaluation of their needs and qualifications for assistance. Core Service Agencies provide safety net services to San Mateo County residents in need of food, emergency housing assistance, emergency utility assistance, shelter and other basic needs. Call or visit the Core Service Agency that serves your area to find out more about the services they offer.

HIF COVID-19 Emergency Assistance

HIF’s Emergency Housing Fund offers a lifeline after unforeseen and temporary financial setbacks, acting as a bridge between crisis and stability. An unstable housing situation can arise from any number of unexpected circumstances, such as medical bills, job loss, or Covid-19 related circumstances.

Community members threatened by homelessness and interested in applying for an emergency grant, will be required to demonstrate need and ability to utilize our emergency housing grants for sustained stability up to $2,500.

Requests must meet the following criteria:

- Currently living in San Mateo or Santa Clara County.
- Demonstrate a need due to unforeseen circumstances.
- Complete the online application with all of the requested information, signatures and the requested documents attached.
- Grants are often funded within 24 hours of request and may be used for rent, security deposit or utilities only.
- Requested funding can only be processed to the landlord/property management or utility company. HIF does not pay the funds directly to applicant.

Applications will be prioritized for approval based on the following:

- Past due rent
- Rent due date
- Household size/composition
- Household Budget must demonstrate that HIF is used as a “last resort” when all funding sources have been exhausted (including current earned & unearned income, savings, family support, etc.)
- **For individual and privately owned properties**: Due to the increased volume of fraud attempts and the lack of County resources to verify this information, HIF will be restricting funding to these types of applications.
- Applications where landlords are able to provide documents verifying property ownership will be considered on a case by case basis
