Why are these changes happening?

The federal government will no longer provide funds to feed children who are not students of JUHSD, nor will they provide funds for JUHSD students who do not have Free or Reduced Price Meal status. Although the federal government is stopping funding on August 10th, JUHSD will continue to serve everyone through the 18th of August. On the 19th, all children will have access to food at their home schools, and will no longer be able to pick up food at JUHSD unless they are students of the district.
