

AP Chem and APES Summer 2024 Tasks

APES

1. Your summer HW consists of two tasks. This will take about 2-3 hours to complete DISTRIBUTED OVER SUMMER BREAK. To access the two tasks, please join APES Summer 24 Google Classroom : **3gle4hm**
1. STEP UP (15-30 minute beach/street/park clean up with 1-2 slide reflection)
2. LEVEL UP This part of the summer task will get you started with the first lesson under Unit 1 The Living World Ecosystem - Introduction to Ecosystems. You will read an article and watch a video to help you complete the packet.

AP Chem

Your summer task is to complete a packet on Lesson 1.1 Mole and Molar Mass and Lesson 1.2 Isotopes and Mass Spectrometry. To access the packet, please join AP Chem Summer 24 Google Classroom:
