April 1, 2019

Dear Terra Nova Community,

I am excited to announce that Jason Piccolotti has accepted the position of Head Varsity Football Coach at Terra Nova High School, beginning in the 2019-2020 season.

The Jefferson Union High School District Board of Trustees is set to approve the position at its regular meeting this week, and then Tigers can officially call Jason "Coach Piccolotti."

Coach Piccolotti is a familiar face in Pacifica, as he grew up here, and has both played and coached football in the area for decades. In fact, he coached the TN 2016 JV football team to an undefeated season and PAL Championship.

Jason has a demonstrated record of success as a coach, and unparalleled experience in the sport. He also has a strong work ethic, in which students come first. It is fair to say he is familiar with the field. Jason led the Pacifica Islanders National Minor League Football team – which played at Terra Nova -- as both quarterback and coach, and was named to the Minor League Hall of Fame. Earlier, he was a Junior College All-American at City College of San Francisco, and led that team to a national championship. Jason began his football career as quarterback of Oceana High School.

Terra Nova received more than 10 applications from excellent candidates around the Bay Area before narrowing the choice to finalists who were interviewed earlier this month.

I know our new coach is eager to gear up for a great season, and will likely begin meeting with our coaching team and student-athletes soon.

Tiger Pride!

Megan Carey
Principal
