JEFFERSON UNION HIGH SCHOOL DISTRICT
STUDENT-ATHLETE ELIGIBILITY PHYSICAL EXTENSION FORM

Instructions for Physicians:

High school student-athletes are required to have medical clearance to participate in interscholastic sports. This form documents medical clearance through a physician's examination of the students.

Extensions of Clearance:

Typically, physician examinations provide clearance for 12 months and are therefore required on an annual basis for ongoing student-athletes. However, physicians may extend their clearance of the athlete based on previous examinations, physicals, or other interactions with the student athlete.
